Emergency Management Assistance Compact (EMAC), Puerto Rico Earthquake

On 01/07/20 at 0324 hours, a M6.4 earthquake occurred approximately 8.4 miles west-southwest of Ponce, Puerto Rico at a depth of 6 miles. Aftershocks continue to impact Puerto Rico hourly. The State Of California has deployed a total of 32 personnel from multiple agencies to Puerto Rico to assist with response and recovery efforts.

Deployments

- 14 Cal OES personnel
- 12 Caltrans personnel
- 3 Department of General Services, Division of the State Architect (DSA) personnel
- 2 Department of Social Services (DSS) personnel
- 1 Cal Recycle personnel

Cal OES INLAND REGION

Chemical Release, Taft, Kern County, SPILL: 20-0433

On 01/22/2020 at 0939 hours, the California State Warning Center was notified of a chemical spill in the city of Taft, Kern County. Spill Report # 20-0433.

- Chemical Type: Acrolein
- Spill occurred at Baker Hughes, Chemical Packaging Plant in a rural, agricultural area of Kern County.
- No injuries, no exposures.
- Incident is contained. Leak has been isolated and stopped at the flange.
- The facility was evacuated and the evacuation order has been lifted.
- A 5,200 gallon container shipped in from overseas was received and believed to have been over pressurized causing the valve to leak.
- Fire Department and Hazmat are on scene
- Threat has been mitigated. Kern County Fire placed absorbents on approximately 250 gallons on the ground. Firefighters have completed applying neutralizing materials.
- Kern County Sheriff and Fire are breaking down the Emergency Operation Center.
- Winds are calm and not moving any of the vapors.
- Kern County Fire is continuing to monitor air quality for effectiveness.
- Kern County does not anticipate any additional needs or requests for this incident
- The California State Warning Center has notified all appropriate agencies per SOP.

SITUATION SUMMARY

Cal OES INLAND REGION

Chemical Release, Taft, Kern County, SPILL: 20-0433 (continued)

CALIFORNIA 911 SYSTEM

CA 911 Outages		
Northern California	Central California	Southern California
No 911 Outages	911 Outage	No 911 Outages

9-1-1 Outages/Remote/Community Isolations

Network Outage, Burrel, Fresno County

On 01/22/20, the California State Warning Center was notified by the Cal OES 911 Branch of an AT&T network outage impacting the Burrel remote central office; customers served out of this office may be unable to make 911 calls. Fresno County Sheriff dispatches for this area and has been advised.

- Outage began at 1529 hours.
- Reason for outage is unknown.
- Wireless calls are not impacted.
- 186 wirelines are impacted.
- There is no ETR at this time.
- This incident will be updated when additional information is received or every four hours or if the outage is cleared.

Service Interruptions

- None reported.

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- A warm storm system will bring wet weather conditions to northwest California this weekend.
- Persistent, and periodically heavy, rainfall could overwhelm small streams and areas with poor drainage causing ponding water and some minor flooding across the region.

SOUTHERN CALIFORNIA

- Nothing significant to report.

Active Weather Warnings, Watches and Advisories by County:

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER KEY POINTS

01/22/20 - 01/28/20

Wednesday-Friday

- Dry conditions across much of the state outside of some light precipitation at times across the northern coastal areas. No significant impacts.

Saturday-Sunday

- Next storm system will bring valley rain and mountain snow to the central and northern portions of the state. Travel will be impacted over the mountains due to the snow. Locally heavy rain is possible but confidence is low at this time.

Monday

- Dry conditions across much of the state outside of some light precipitation at times across the northern coastal areas. No significant impacts.

Tuesday

- Valley rain and mountain snow across northern portions of the state may impact travel over the mountain passes.
